

Route 6 - Camprodon Prats de Mollo

Description
Interurban curvy road with varying gradients, crossing the border between Spain and France in a rural area. Poor to no mobile network coverage on most part of the route. Switching between Spanish and French network providers. Possible adverse weather conditions like fog, rain or snow. Road sides not marked and without barriers on most part of route. Light-dark combinations due to shadows caused by trees. Trees blocking the sky on certain parts of the route (especially in French territory). Possible presence of cows on or along the road.
